### **Required for all Equine participants in the KMCRA Sept 5 – Oct 10, 2015**

Horse Identification Form must be completed by a Pony Club NSW Instructor and forwarded by Email or Post to the KMCRA (above). Failure to do so may jeopardise your participation in the event.

Has horse been vaccinated against Hendra Virus? (Please circle) YES NO

Liability insurance is required to be held by each equestrian participant. You must fulfil the requirements set out in one of the paragraphs below:

1. If you are participating as a member of a Pony Club please provide us with a letter from your Club confirming you are a member and covered by the Club's liability insurance. Please have your Club forward to us a copy of their insurance policy covering its members for liability.
2. If you are a member of the Australian Light Horse Association please provide us with a copy of your Membership card.
3. If neither of the above applies to you, in order to participate you are required to join the Australian Light Horse Association – please contact Graham Brown on 0413 709 171 in order to make the necessary arrangements.

I have watched this horse being ridden / driven by the person identified above and believe, based on this viewing, that it is likely to be suitable for participation in the Kangaroo March event which will involve significant 'on road' exposure.
